

December 15, 2012

To Whom It May Concern,

I am submitting this letter in support of Jamie Larson in her bid to obtain a position with your organization. I have known Jamie in her capacity as a Site Coordinator and as an Area Director in the Springboard Extended Day Program in the Sacramento, CA. area. I have been fortunate to work with her as one of her supervisors in the latter capacity since August 2011 and I have been continuously impressed by her work ethic and dedication to her students.

Ms. Larson has shown herself to be an exceptional employee. Currently she is the Area Director in our academically focused extended day program for school-aged students in the Sacramento area. As a Site Coordinator she has received high marks for her planning, organization, leadership and interpersonal skills. Jamie has shown an amazing ability to develop relationships with both her students and her colleagues alike while also setting very high expectations for them. She has also shown an innate ability to articulate a mission and vision to both her students and to the teachers that work with them so as to create a unified effort designed to increase academic achievement. She has a proven track record of creating very good outcomes for the students that she has worked with and she has shown exceptional acumen in her ability to work with other professionals on their behalf.

I have a high level of confidence in Jamie's ability to succeed in any position that is directly related to student outcomes whether they are social/emotional or academic in nature. If you should have any questions regarding the specifics of Ms. Larson's position and her abilities then please do not hesitate to contact me (at 303-523-1543). It would be a pleasure for me to discuss the particular situations that highlight her exemplary track record with Springboard Education in America.

Sincerely,

A handwritten signature in black ink that reads "Brett Prilik". The signature is written in a cursive, slightly stylized font.

Dr. Brett Prilik, Ed.D.
Executive Director
Springboard Education in America
